Hardware Service Agreement

BY ACCEPTING THE SERVICES AND SUPPORT DESCRIBED ON YOUR INVOICE, YOU (“CUSTOMER”) AGREE TO BE BOUND BY AND ACCEPT THE TERMS AND CONDITIONS HEREIN. THESE TERMS AND CONDITIONS (THE “AGREEMENT”) WILL SUPPLEMENT THE TERMS AND CONDITIONS OF ANY APPLICABLE OVERRIDING SIGNED AGREEMENT BETWEEN YOU AND DELL (INCLUDING WITHOUT LIMITATION, DELL’S STANDARD KEY CUSTOMER PURCHASE AGREEMENT) OR, IN THE ABSENCE OF SUCH AN AGREEMENT, DELL’S STANDARD INVOICE TERMS AND CONDITIONS OF SALE (See http://www.dell.com/policy/legal/termsofsale.htm). THIS AGREEMENT IS BETWEEN YOU AND THE DELL ENTITY (“DELL” OR “OUR”) AS SPECIFIED IN THE AFOREMENTIONED SIGNED AGREEMENT OR DELL’S STANDARD INVOICE TERMS AND CONDITIONS. ALL CAPITALIZED TERMS AND CONDITIONS NOT DEFINED HEREIN SHALL HAVE THE MEANING SPECIFIED IN THE AFORMENTIONED SIGNED AGREEMENT OR DELL’S STANDARD INVOICE TERMS AND CONDITIONS.

- 1. Products Covered (“System”): References to “System(s)” in this Agreement mean Dell-branded hardware that is sold as new, purchased in the United States, and in a standard configuration(s) at the time of purchase. The type of System covered by this Agreement is described in the attached Schedule 1 of this Agreement and may include the following: Dell desktop and notebook computers, workstation computers, TVs, Axims, DJs and displays/CRTs. Excluded from this Agreement are server systems, data storage units, software, optical drives and any additional items (not identified above) sold through Dell’s Software and Peripherals Division or Dell Factory Outlet, or items integrated by Custom Factory Integration. In addition, if service requires access to an optical device and Customer does not have access to such device, then service may be unavailable. The System covered under this Agreement is described in the attached Schedule 1 of this Agreement.
2. Scope of Services: The service Type you have purchased is recorded on the Customer invoice; the Covered Product and the Term are recorded on Schedule 1. THIS SERVICE AGREEMENT APPLIES IF CUSTOMER HAS A TYPE 6, 7, 8, 11, OR 12 SERVICE AGREEMENT. For purposes of this Agreement, all references to time mean the Customer’s local time, unless otherwise stated. Unless otherwise specified, references to the United States include the continental United States, Alaska, Hawaii, and Puerto Rico for Type 6 and 7, the continental United States, Alaska, and Hawaii for Type 8, 11 or 12. Service Agreements on plasma not available outside the continental United States.
a. Service Type. This Hardware Service Description covers the following Service Types:

Table with 2 columns: Service Description and Service Type. Rows include: Parts Only (Type 6), Return-For-Repair- “Mail-In” Service (Type 7), Return-For-Repair “Ship-Back” Service (Type 8), Advanced Exchange Service (Type 11), Standard Return-For-Repair “Mail-In” Service Agreement (Type 12).

IF YOU HAVE A TYPE 6 SERVICE AGREEMENT, THEN THE FOLLOWING SECTION APPLIES TO YOUR SYSTEM:

Type 6 Service Agreement. Parts Only service agreement. Dell will provide on an exchange basis replacement parts for Dell Systems covered under this Agreement when a part in a covered System requires replacement. If Customer’s invoice indicates that Type 6 service covers a) third party hardware included in a) Retail Point-of-Sale solution or b) a plasma television, then Dell will provide whole unit exchanges of such third party hardware rather than exchanging individual parts. Customer must report each instance of System failure to Dell hardware warranty support in

advance to obtain Dell's concurrence that a part should be replaced and to have Dell ship the replacement part. Dell will ship parts using next-business-day delivery for individual parts and 3 – 5 day business delivery for plasma televisions, with shipping prepaid in both cases. Dell will include a prepaid shipping container with each part for Customer's use in returning the replaced part to Dell. Spare parts provided under this Agreement may be new, used or reconditioned. Dell may provide spare parts made by various manufacturers when supplying parts to Customer. This Parts Only service does not cover damage due to external causes, including accident, problems with electrical power, servicing by untrained people or not in accordance with Dell's procedures, abuse and misuse.

IF YOU HAVE A TYPE 7 SERVICE AGREEMENT, THEN THE FOLLOWING SECTION APPLIES TO YOUR SYSTEM:

Type 7 Service Agreement. Standard Return-For-Repair- "Mail-In" Service agreement. After it is determined that Customer's System requires "Mail-In" Service, a carrier will be dispatched to Customer's site with proper packaging the same day if Customer calls prior to 12:00 p.m. local time to pick up the System and return it to Dell with shipping charges prepaid. Customer's System will be repaired or replaced, and delivered to the carrier for return shipping to Customer using overnight delivery, generally within one (1) business day after receipt of the System at the repair facility. Standard overnight shipping charges for shipping the System in for repair and for shipping it back to Customer will be paid by Dell. If non-Dell options added to Customer's System are found to be the cause of the reported problem, a service charge may be applied. Dell reserves the right to send Customer a whole replacement for the System or a replacement for portions of the System rather than repairing and returning the System that Customer sent for repair. All service parts removed from Customer's System become Dell's property. Customer is obligated to pay, at the current retail price(s), for any service parts Customer wishes to retain.

IF YOU HAVE A TYPE 8 SERVICE AGREEMENT, THEN THE FOLLOWING SECTION APPLIES TO YOUR SYSTEM:

Type 8 Service Agreement. Standard Return-For-Repair "Ship-Back" Service agreement. After it is determined that Customer's System requires "Ship-Back" Service, the Dell technician will work with Customer on the phone to determine the nearest carrier location. Prepaid packaging material will be dispatched to that carrier location, and ordinarily will arrive by 12:00 p.m. local time the following day if Customer calls prior to 7:00 p.m. eastern standard time. Customer must then take the desktop System to the carrier location within the next 3 days after Customer's call, package it in the material provided, and provide it to the carrier to be shipped via standard 3-5 day ground shipping to Dell's repair facility. **This procedure applies to the desktop unit only; do not attempt to ship back your monitor using this procedure.** This Agreement does not apply to Systems returned to Dell's repair facility using procedures other than those set forth herein, and neither Dell nor the carrier can be responsible for damage caused during transit of the system to the carrier. Standard 3-5 day ground shipping charges for shipping the System in for repair and for shipping it back to Customer will be paid by Dell. Once Customer's System arrives at the repair facility, Dell will repair or replace the System. Generally, Customer can expect the System to be returned to Customer 10-14 business days (excluding holidays) after Customer calls Dell to report the problem and arrange for shipping of the prepaid packaging material. If non-Dell options added to Customer's System are found to be the cause of the reported problem, a service charge may be applied. Dell reserves the right to send Customer a whole identical or comparable replacement for the System or a replacement for portions of the System rather than repairing and returning the System that Customer sent for repair. All service parts removed from Customer's System become Dell's property. Customer is obligated to pay, at the current retail price(s), for any service parts Customer wishes to retain.

IF YOU HAVE A TYPE 11 AGREEMENT, THEN THE FOLLOWING SECTION APPLIES TO YOUR SYSTEM:

Type 11 Service Agreement. Advanced Exchange Service agreement. If Dell has determined that Customer's System has experienced a qualified failure, Dell will ship a replacement System to Customer's location. If Customer calls prior to 5:00 p.m. Customer local time, in most cases the

replacement System will be shipped the next business day. Upon receipt of the replacement System, Customer must return the defective System to Dell by taking the defective System to the designated carrier location within the next 3 days. Customer must package the defective System in the material provided with the replacement System, and ship the defective System to Dell's repair facility. **This procedure applies to modular Systems only (i.e. Software & Peripheral items such as LCD TVs, projectors or printers); do not attempt to ship back your computer system or monitor using this procedure. When returning your System for replacement, do not send external parts (such as cords, cables, controls, or lens caps).** This Agreement does not apply to Systems returned to Dell's facility using procedures other than those set forth herein, and neither Dell nor the carrier can be responsible for damage caused during transit of the system to the carrier. Dell will pay standard shipping charges, for shipping your System in for replacement and for shipping a replacement System to Customer. Dell reserves the right to send Customer a whole identical or comparable replacement for the System. If Customer's Type 11 Service covers a projector, Customer is obligated to return the projector bulb with the defective system. Customer will be obligated to pay, at the current retail price(s), if Customer retains the projector or the projector bulb. If the defective unit is not returned within ten (10) days, Customer agrees to pay Dell for the replacement unit upon receipt of invoice. Failure to honor the invoice within ten (10) days after receipt will cause the cancellation of this Agreement and may result in other legal steps.

IF YOU HAVE A TYPE 12 SERVICE AGREEMENT, THEN THE FOLLOWING SECTION APPLIES TO YOUR SYSTEM:

Type 12 Service Agreement. Standard Return-For-Repair "Mail-In" Service agreement. After it is determined that Customer's System requires "Mail-In" Service, packaging, shipping instructions, and a pre-paid shipping waybill will ordinarily be dispatched to Customer's site the next business day. Upon receipt of the shipping supplies, Customer must package the System in the material required and call the carrier designated on Customer's shipping instructions to arrange a pickup time. The carrier will then pick up the System and return it to Dell with shipping charges prepaid. Customer's System will be repaired or replaced, and delivered to the carrier for return shipping to Customer using second business day delivery, generally within one (1) business day (excluding holidays) after receipt of the System at the repair facility. Standard shipping charges, for shipping the System in for repair and for shipping it back to Customer, will be paid by Dell. If non-Dell options added to Customer's System are found to be the cause of the reported problem, a service charge may be applied. Dell reserves the right to send Customer a whole replacement for the System or a replacement for portions of the System rather than repairing and returning the System that Customer sent for repair. All service parts removed from Customer's System become Dell's property. Customer is obligated to pay, at the current retail price(s), for any service parts Customer wishes to retain.

- b. Limits of Support Services. THIS AGREEMENT IS OF LIMITED DURATION AND COVERAGE. This Agreement extends only to uses for which the System was designed. Except as stated below, the services Dell agrees to provide under this Agreement are repair services that are necessary because of any existing defect or a defect occurs in materials or workmanship in the System or in any System component covered by this Agreement. Preventive maintenance is not included. Installation, de-installation, or relocation services and operating supplies are not included. **Repairs necessitated by software problems, or as a result of alteration, adjustment, or repair by anyone other than Dell (or its representatives) are not included.** Dell is not obligated to repair any System or System component which has been damaged as a result of: (i) accident, misuse, or abuse of the System or component (such as, but not limited to, use of incorrect line voltages, use of incorrect fuses, use of incompatible, defective, or inferior devices, supplies, or accessories, improper or insufficient ventilation, or failure to follow operating instructions) by anyone other than Dell (or its representatives), (ii) an act of God such as, but not limited to, lightning, flooding, tornado, earthquakes, and hurricanes, or (iii) the moving of the System from one geographic location to another or from one entity to another. Dell is not liable for any failure or delay in performance due to any cause beyond its control.

This Agreement does not apply to Systems returned to Dell's facility using procedures other than those set forth herein, and neither Dell nor the carrier can be responsible for damage caused during transit of the System to the carrier.

With regard to any services that are not within the coverage of this Agreement, it will be within Dell's discretion whether to perform the services, and, if Dell elects to perform the services, the services will be subject to an additional charge to be paid by Customer.

3. Service Procedures

a. **Customer's Responsibilities.** To receive service and support, you are responsible for complying with the following:

1) **Valid Service Contract.** Payment terms are within Dell's sole discretion, and, unless otherwise agreed to by Dell, Dell must have received payment for Services within 30 days of the date of invoice. Customer shall pay an additional fee of 1.5% per month for invoices not paid within such 30-day period. If Customer is currently not entitled to Service, then Customer should submit a valid credit card number to purchase appropriate Service for the System.

2) **Software/Data Backup.** It is solely Customer's responsibility to **complete a backup of all existing data, software, and programs on affected Systems before receiving Services (including telephone support). DELL WILL HAVE NO LIABILITY FOR LOSS OF OR RECOVERY OF DATA, PROGRAMS, OR LOSS OF USE OF SYSTEM(S).** You understand and agree that under no circumstances will Dell be responsible for any loss of software, programs, or data - even if technicians have attempted to assist you with your backup, recovery or similar services. Any such assistance is beyond the scope of any Dell warranty and this Service Agreement. The assistance is provided in Dell's sole discretion and without any guarantee or warranty of any kind. Neither does Dell provide any guarantee or warranty of any kind with respect to any third-party product that a technician may use in assisting you.

3) **Requesting Service.** Be prepared to provide the following information to the technician when requesting this Service:

- a) System's invoice and serial numbers;
- b) service tag number;
- c) System type and model numbers;
- d) current version of the operating system on the affected System;
- e) brand names and models of any peripheral devices (such as a modem) attached to the System;
- f) the error message received and when it occurs;
- g) what tasks or functions were being processed or implemented when error occurred; and
- h) what steps, if any, were taken to solve the problem.

4) **Call For Assistance.** For service support call one of the following toll free numbers. These phone lines are answered twenty-four (24) hours a day, seven days a week, including regularly observed holidays:

For Personal or Home/Small-Business:
Hardware Warranty Support 800-624-9896
Customer Service 800-624-9897

5) **Cooperate with the Technician.** Experience shows that most System problems and errors can be corrected over the phone as a result of close cooperation between the user and the technician. Listen carefully to the technician and follow the technician's directions.

b. **Mail-In or Ship Back Procedures.** If the technician is unable to resolve the problem over the phone and determines that Mail-In or Ship Back Service is necessary, the following Standard

procedures apply. Dell regrets that it cannot accept Systems that are not returned in accordance with these shipping instructions:

- 1) Display the Return Authorization Number. Please print the authorization number obtained from the technician clearly and conspicuously on the outside of the prepaid packaging. Unfortunately, Dell will have to refuse to service, and will return to Customer, any System that does not clearly and conspicuously display the authorization number on the packaging.
 - 2) Explain the Problem in Writing. Please enclose a brief description of the problem encountered, the error message received, and the suspected defect you discussed with the technician over the phone.
 - 3) Shipping. Following the problem diagnosis, if Customer calls during the carrier's regular business hours, the technician will transfer Customer to Dell's designated freight carrier, explain the situation to the carrier and turn any further shipping actions over to the carrier. If Customer calls outside of the carrier's regular business hours, Customer will receive information how to contact the carrier during their regular business hours. Jointly Customer and the carrier will arrange for shipping. The System must be shipped in the Dell provided packaging to the address given to Customer by the technician.
 - 4) Package the System. Dell will provide packaging through the freight carrier. Customer is responsible for ensuring that the System is properly packaged and Customer will bear the full risk of loss or damage for any System that is returned improperly packaged.
 - 5) Other Shipping Precautions. Do not send manuals or any non-Dell supplied options with the System. Prior to shipping, Customer must remove the options and components from the System as instructed by the technician.
 - 6) If Customer Misses The Carrier Visit (Type 7- Mail-In Service). If Customer or Customer's authorized representative is not at the location when the carrier arrives, he or she will leave a delivery attempt notice and will attempt redelivery. If Customer and the carrier are unable to coordinate the drop off, Customer will need to call Dell and schedule another carrier visit, and Customer may be subject to an additional charge.
 - 7) If Customer Fails to Pick up the Prepaid Packaging Materials and Ship the System (Type 8 – Ship Back Service). If Customer fails to pick up the prepaid packaging materials and ship the System within 3 days of Customer's call, Customer will need to call Dell and schedule another drop-off. Customer may be subject to an additional charge.
 - 8) Business day shipping/delivery does not include weekends or regular holidays such as New Year's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving and/or Christmas Day.
- c. **Parts Only Agreement Payment Procedure.** If Customer elects not to receive Mail-In or Ship Back services, Customer may receive Dell's Parts Only Replacement Procedure (Type 6). Customer will pay Dell for replacement parts when the replaced part is not returned to Dell within 15 days of the date the replacement was shipped by Dell, and for parts used to repair systems not covered by this Agreement. Parts will be priced at Dell's then current standard prices. If a payment due from Customer is late and not because it is disputed in good faith, Dell may, in its discretion, refuse to ship parts or respond to technical and support inquiries until the late payment is made.
- d. **Customer Replaceable Units and Whole Unit Replacement.** If the telephone technician determines that the defective unit is one that is easily disconnected and reconnected, such as a keyboard, monitor, hard drives in portable computers, or any other component designated from time to time as a component that may be replaced by the Customer, Customer may receive such

component to install without a service technician arriving on site. Dell reserves the right to send Customer a whole identical or comparable replacement for the System. A whole replacement unit with a prepaid return mailing label for the defective return may be sent directly to Customer. Customer must relinquish the defective unit. If Customer does not return the defective unit within ten (10) days, Customer agrees to pay Dell for the replacement unit upon receipt of invoice. Failure to honor the invoice within ten (10) days after receipt will cause the cancellation of this Agreement and may result in other legal steps.

- e. **Parts Ownership.** All service parts removed from Customer's System become the property of Dell. Customer is obligated to pay at the current retail price(s) for any service parts removed from Customer's System and retained by Customer. Dell uses new and reconditioned parts made by various manufacturers in performing warranty repairs.
- f. **Parts Stocked.** Spare parts provided under this Service Agreement may be new, used or reconditioned.

4. Important Additional Information

- a. **Claims of Confidentiality or Proprietary Rights.** Customer agrees that any information or data disclosed or sent to Dell, over the telephone, electronically or otherwise, is not confidential or proprietary to Customer.
- b. **Renewal and Upgrades.** Prior to the expiration of this Service Agreement, Customer may upgrade the Service Type or extend the term based on available options then in effect in accordance with Dell's then-current procedures. Any upgrades will not apply to conditions existing with the System prior to the effective date of the upgrade.
- c. **Cancellation.** Customer may cancel this Agreement by providing to Dell at least thirty (30) days written notice of the decision to cancel. Dell will issue a refund to Customer for any unused portion of the service term for which Customer has paid. If more than thirty (30) days have transpired for the current contract year, then a refund will not be paid for that current contract year. The base limited warranty may not be cancelled. Cancellation of extended warranties or additional services at any time after the order is placed may reduce any applicable discount and may require return of the complete system.

Dell, at its discretion, may terminate Service with 30 days notice to Customer, in which case, Customer will be entitled to a refund subject to the above conditions. Dell reserves the right to immediately suspend or terminate Services if Dell, in its sole discretion, determines that Services are being misused and/or Customer has not complied with the terms and conditions of this Service Agreement.

- d. **Transfer of Service Description.** Subject to the limitations set forth in this Service Agreement, Customer may transfer this Agreement to a third party who buys Customer's entire System before the expiration of the then-current service term, provided Customer is the original purchaser of the System and this Agreement, or Customer purchased the System and this Agreement from its original owner (or a previous transferee) and complied with all the transfer rules set forth in this Agreement. The Services may not be available on all products in all locations, and additional charges, terms, and conditions may apply in certain locations. If Customer elects not to pay such additional charge, Dell may change Customer's Service Type to a Service Type that is available at such price or a lesser price in such new location with no refund available. Service Agreements on plasmas are not available outside the continental United States.

- f. **Assignment.** Dell reserves the right to assign its right and obligations under this Agreement to a qualified third party designated by Dell without notice to Customer.
