**Service description**

Remote Implementation of a Dell PowerVault DL Backup to Disk Appliance

**Introduction**

Dell is pleased to provide Remote Implementation of a Dell PowerVault DL Backup to Disk Appliance (the “Service(s)”) in accordance with this Service Description (“Service Description”). Your quote, order form or other mutually-agreed upon form of invoice or order acknowledgment (as applicable, the “Order Form”) will include the name of the service(s) and available service options that you purchased. For additional assistance or to request a copy of your service contract(s), contact Dell Technical Support or your sales representative.

**The Scope of This Service**

This service provides for the remote configuration of a Dell PowerVault™ DL backup to disk appliances including the configuration of AppAssure, CommVault® Simpana® or Symantec™ Backup Exec™ backup software (the “Supported Product” or “Supported Products”) as set forth more specifically in this Service Description (the “Service” or “Services”). This Service allows Dell Customers who will be performing the physical installation to work remotely with Dell by phone and secure internet access (except where prohibited by law). This Service includes remote phone configuration support of the following:

- Installation guidance of the Supported Product
- Configuration of redundant array of independent disks (“RAID”) groups and logical unit numbers (“LUNs”) for the Product
- Installation of the software into a supported environment
- Configuration of a single Media Server or MediaAgent
- Configuration of up to four supported agents Validation of the functionality of the software on base hosts (as per support matrix)

A Dell representative will contact the Customer to schedule this Service, allowing for at least a ten business day lead time prior to the start of the Service, based upon a mutually agreed to resource availability. This Service will be provided during normal Dell business hours Monday through Friday (8:00am to 6:00pm Customer local time) unless specified otherwise in Appendix B. Any services beyond normal Dell business hours will be reflected on the Customer’s invoice. No service activities shall take place during local, state and/or country holidays unless other arrangements have been made through the sales team and the Dell project manager.
Service expires 1 year after purchase. EXCEPT TO THE EXTENT APPLICABLE LAW REQUIRES OTHERWISE, YOU MAY USE THIS SERVICE ONE TIME DURING THE 1 YEAR PERIOD FOLLOWING THE DATE OF ORIGINAL PURCHASE ("EXPIRATION DATE"). THE ORIGINAL PURCHASE DATE IS DEFINED AS THE EARLIER OF THE DATE OF THE INVOICE FOR THE SERVICE OR ORDER CONFIRMATION FROM DELL. DELL'S DELIVERY OF THE SERVICE WILL BE DEEMED SATISFIED AFTER THE EXPIRATION DATE EVEN IF YOU DO NOT USE THE SERVICE.

Service SKUs

See Appendix A

The key Service steps include

• Planning:
  1. Obtain and review the site environmental and technical readiness requirements
  2. Review this Service Description to ensure the understanding of the scope of work
  3. Verify the existing hosts meet the minimum hardware and software requirements
  4. Validate hardware and software environment
  5. Create a complete map of any tape backup devices and backup-to-disk devices that are attached to the Backup host
  6. Ensure Remote Access to all Clients
  7. Perform a readiness checklist:
     a. Forward and reverse name resolution
     b. NIC bound to backup host, must be configured at the top of the binding order
     c. Appropriate contact information if additional information is required for network or host configuration
     d. Existing firewall policy (if any)
     e. CommVault and Backup Exec firewall configuration
     f. Hostnames and IP address of backup host and attached clients
     g. Identify primary DR backup location
     h. RMU access to Dell tape library
     i. Check for adequate network bandwidth
     j. Storage space requirement assessment
        i. Magnetic libraries Identified
        ii. Storage configured and formatted (if required)
        iii. Sufficient approved tape media available
        iv. Compatible library hardware
     k. System resource availability identified for Job Schedules
     l. Installation media and latest service packs downloaded
     m. Backup software license registration completed
  8. Schedule this Service with the Customer

• Implementation:
  1. Complete initial system configuration wizard
  2. Install critical hotfixes or backup software patches, as necessary
  3. Connect and load the appropriate drivers for any tape storage (as necessary)
  4. Open the backup software management console and configure the disk storage, as necessary
  5. Provide basic deduplication policy enablement
  6. Configure the Backup Software per Design:
     i. Install remote file system or application agents
ii. CommVault application agents may require additional services
iii. Patch all backup software included in the remote install to the current patch revision
    as well as any applicable hot fixes

7. Setup a test storage policy, as needed

- **Testing:**
  1. Verify that all remote clients can communicate with the backup host
  2. Working with the Customer, create a new subclient backup that is at least 10MB in size, and
     back that up to the Default Storage Policy
  3. Perform a test restore of the same data to a new location on the client
  4. Verify the tape storage is properly detected in the backup software properly
  5. Configure automatic updates to the backup software

- **Product awareness:**
  1. Conduct a brief product orientation session and review the associated documentation with the Customer. This overview does not replace any available Dell education courses for this product
  2. Provide basic deduplication policy overview
  3. Direct the Customer to documentation for further backup software information
  4. Configure an example backup for each of the hosts to demonstrate the functionality of the solution

- **Project closeout:**
  1. Provide documentation to the Customer, reflecting the Services performed
  2. Obtain Customer acknowledgment of the Services performed

**Excluded Services**

For the avoidance of doubt, the following activities are not included in the scope of this Service Description:

- Physical installation of any hardware or software that are not related to this Service
- Network cabling or any other environmental or power related activities
- Configuration of any product external to the PowerVault enclosure, cable, and Dell RAID card
- On-site activities or services
- Advanced support for unsupported software
- Hardware or software consultation that cannot be delivered remotely
- Custom scripting
- Recompiled kernels
- Warranty break/fix activities handled through separately entitled service contracts
- Provision of additional hardware or software licenses
- Products where the vendor has ceased support and updates to the software
- Performance tuning, system optimization, scripting or other similar Services
- Installing or configuring of application features (such as Microsoft® Exchange, Oracle®)
- Initial installation or configuration of a Dell DX Object Storage Platform
- Installing or configuring Active Directory®
- Installing or configuring site domain name system (“DNS”)
- Installing or configuring other applications or operating systems
- Configuring of firewall or troubleshooting network access to remote clients or servers
- Installing or configuring any applications, such as Microsoft Exchange, SQL Server™, or file/print Services
- Attachment of external Dell PowerVault storage
- Configuration of Backup SW other than the DLxxxx system SW
- Any activities other than those specifically noted in this Service Description
- Advanced AppAssure software configuration
This Service Description does not confer on Customer any warranties which are in addition to the warranties provided under the terms of your master services agreement or Agreement, as applicable.

Service specific Customer responsibilities

- **Configuration/Software/Data Backup.** It is the Customer’s responsibility to complete a backup of all existing data, software, and programs on Supported Products prior to Dell performing any Services. Network Security Settings and Requirements. It is the Customer’s responsibility to provide all requirements, parameters, and information necessary for Dell to provide the appropriate assistance regarding configuration and implementation of all security settings on these products. Dell will only implement settings per the Customer’s direction and agreement. DELL WILL NOT BE RESPONSIBLE FOR ANY SECURITY BREACH, THEFT OF DATA, OR LOSS OF USE OF SYSTEMS, APPLICATIONS, OR NETWORK

- **Availability.** The Customer agrees to be available during the schedule Service implementation time frame. If the Customer cannot be available for the schedule remote installation, the call will be rescheduled at an available time of Dell’s choosing (in coordination with the Customer). If the original scheduled appointment is rescheduled, at the Customer’s request, the Service offering may be delayed for an extended period of time depending on Dell’s current scheduling availability and commitments

- **Ensure the desired configuration meets the vendor’s minimum system requirements for hardware and software configuration (such as Service pack/kernel and BIOS)**

- **Ensure that the technical and environmental requirements (such as correct power) are completed prior to this Service delivery**

- **Make at least one technical contact, with system administration responsibilities, available and provide appropriate facility/site/system/information access privileges as a resource to Dell during the performance of this Service**

- **Dispose of the packing material and other debris**

- **Ensure that the backup server can access ALL remote clients through firewalls**

- **Ensure that the DNS infrastructure is fully functional for the backup installation to be successful.**

- **Customer must maintain the confidentiality of the order number provided by Dell in connection with these Services. Dell is not responsible for unauthorized use of a Customer’s contract or order number**

- **Customer represents and warrants that they have obtained permission for both Customer and Dell to access and use all hardware and software components, including stored data, for providing these Services. If Customer does not already have that permission, it is Customer’s responsibility to obtain it, at Customer’s expense, before Customer asks Dell to perform these Services**

- **Customer must provide and have valid licenses for all hardware and software components.**

- **Customer must allow sufficient time to complete the service activity in its entirety. Generally, these Services do not require system outages; however, they may require delivery during maintenance window(s)**

- **Customer is responsible for all physical hardware installations or changes that are necessary for the remote delivery of this Service**

- **Customer must have a valid hardware support contract (such as “ProSupport for Your Enterprise”) on all affected systems**

- **Dell is not responsible for any hardware or software failures that may occur during this service. Customer is responsible for maintaining the appropriate service contract with Dell or other provider for such break/fix assistance**
General Customer Responsibilities

Authority to Grant Access. Customer represents and warrants that it has obtained permission for both Customer and Dell to access and use the Supported Products, the data located thereon and all hardware and software components included therein, for the purpose of providing these Services. If Customer does not already have that permission, it is Customer’s responsibility to obtain it, at Customer’s expense, before Customer asks Dell to perform these Services.

Cooperate with Phone Analyst and On-site Technician. Customer will cooperate with and follow the instructions given by any Dell phone analyst or on-site technicians. Experience shows that most system problems and errors can be corrected over the phone as a result of close cooperation between the user and the analyst or technician.

On-site Obligations. Where Services require on-site performance, Customer will provide (at no cost to Dell) free, safe and sufficient access to Customer’s facilities and the Supported Products, including ample working space, electricity, and a local telephone line. A monitor or display, a mouse (or pointing device), and a keyboard must also be provided (at no cost to Dell), if the system does not already include these items.

Maintain Software and Serviced Releases. Customer will maintain software and Supported Products at Dell-specified minimum release levels or configurations as specified on PowerLink for Dell | EMC Storage or EqualLogic™, or as specified on www.support.dell.com for additional Supported Products. Customer must also ensure installation of remedial replacement parts, patches, software updates or subsequent releases as directed by Dell in order to keep the Supported Products eligible for this Service.

Data Backup; Removing Confidential Data. Customer will complete a backup of all existing data, software and programs on all affected systems prior to and during the delivery of this Service. Customer should make regular backup copies of the data stored on all affected systems as a precaution against possible failures, alterations, or loss of data. In addition, Customer is responsible for removing any confidential, proprietary, or personal information and any removable media such as SIM cards, CDs, or PC Cards regardless of whether an on-site technician is also providing assistance. DELL WILL HAVE NO LIABILITY FOR:

- ANY OF YOUR CONFIDENTIAL, PROPRIETARY OR PERSONAL INFORMATION;
- LOST OR CORRUPTED DATA, PROGRAMS OR SOFTWARE;
- DAMAGED OR LOST REMOVABLE MEDIA;
- DATA OR VOICE CHARGES INCURRED AS A RESULT OF FAILING TO REMOVE ALL SIM CARDS OR OTHER REMOVABLE MEDIA INSIDE SUPPORTED PRODUCTS THAT ARE RETURNED TO DELL;
- THE LOSS OF USE OF A SYSTEM OR NETWORK;
- AND/OR FOR ANY ACTS OR OMISSIONS, INCLUDING NEGLIGENCE, BY DELL OR A THIRD-PARTY SERVICE PROVIDER.

Dell will not be responsible for the restoration or reinstallation of any programs or data. When returning a Supported Product or part thereof, Customer will only include the Supported Product or part which has been requested by the phone technician.

Third Party Warranties. These Services may require Dell to access hardware or software that is not manufactured by Dell. Some manufacturers’ warranties may become void if Dell or anyone
else other than the manufacturer works on the hardware or software. Customer will ensure that Dell’s performance of Services will not affect such warranties or, if it does, that the effect will be acceptable to Customer. Dell does not take responsibility for third party warranties or for any effect that the Services may have on those warranties.

**Terms & Conditions**

This Service Description is entered between you, the customer (“you” or “Customer”), and the Dell entity identified on your invoice for the purchase of this Service. This Service is provided subject to and governed by Customer’s separate signed master services agreement with Dell that explicitly authorizes the sale of this Service. In the absence of such agreement, depending on Customer’s location, this Service is provided subject to and governed by either Dell’s Commercial Terms of Sale or Dell’s standard Customer Master Services Agreement (as applicable, the “Agreement”). To the extent that any terms of this Service Description conflict with any terms of the Agreement, the terms of this Service Description will prevail, but only to the extent of the specific conflict, and will not be read or deemed to replace any other terms in the Agreement which are not specifically contradicted by this Service Description.

Please see the table below which lists the URL applicable to your Customer location where your Agreement can be located. The parties acknowledge having read and agree to be bound by such online terms. Customer further agrees that by renewing, modifying, extending or continuing to utilize the Service beyond the initial term, the Service will be subject to the then-current Service Description available for review at [www.dell.com/servicedescriptions/global](http://www.dell.com/servicedescriptions/global).

By placing your order for the Services, receiving delivery of the Services, utilizing the Services or associated software or by clicking/checking the “I Agree” button or box or similar on the Dell.com website in connection with your purchase or within a Dell software or Internet interface, you agree to be bound by this Service Description and the agreements incorporated by reference herein. If you are entering this Service Description on behalf of a company or other legal entity, you represent that you have authority to bind such entity to this Service Description, in which case “you” or “Customer” shall refer to such entity. In addition to receiving this Service Description, Customers in certain countries may also be required to execute a signed Order Form.

Additional Terms & Conditions Applicable to Support & Warranty-Related Services

1. Supported Products
This Service is available on supported products, such as, select Dell OptiPlex™, Latitude™, Inspiron™, Precision™, Vostro™, PowerEdge™, PowerEdge SCTM, PowerVault™, PowerConnect™, Force10, Dell EqualLogic™, Dell | EMC Storage Systems™, Dell Compellent Storage systems, and Dell printers, monitors and smartphones which are purchased in a standard configuration (“Supported Products”). Supported Products are added regularly, so please contact your sales representative for the most up-to-date list of Services that are available on your Dell or non-Dell products. Each Supported Product is tagged with a serial number (the “Service Tag”). A separate service agreement must be purchased by Customer for each Supported Product. For example, a printer purchased with a laptop system is not covered by the laptop system’s service contract; the printer and the laptop will each need their own service contract. Please refer to the Service Tag on your Supported Product when contacting Dell for this Service.

2. Support Services
A. Limited Hardware Warranty; Hardware Coverage Limitations. Support-related services may include technical support options (telephone, Internet, etc.) and service parts and related labor services to repair or replace defect(s) in workmanship pursuant to and occurring within the limited warranty period applicable to Customer’s Supported Product(s) (a “Qualified Incident”). Dell’s Limited Hardware Warranty is available for review at www.Dell.com/Warranty or posted outside of the United States at your regional Dell.com website.*

Hardware coverage limitations may apply and service offerings may be available to extend these hardware limitations for an additional fee. Please see www.Dell.com/Warranty or your regional Dell.com website for warranty information or contact a Dell technical support analyst for more details.

B. Whole Unit Replacement; Failure to Return. If Dell determines that a component of the defective Supported Product is one that is easily disconnected and reconnected (such as a keyboard or monitor), or if the analyst determines that the Supported Product is one that should be replaced as a whole unit, Dell reserves the right to send Customer a whole replacement unit. If Dell delivers a replacement unit to Customer, Customer must relinquish the defective system or component thereof to Dell, unless Customer has purchased “Keep Your Hard Drive” for the affected system, in which case Customer may retain the respective hard drive(s). If Customer does not relinquish the defective system or component to Dell as required above, or if the defective unit is not returned within ten (10) days in accordance with written instructions provided with the replacement unit (in the event the replacement unit was not delivered in person by a Dell technician), Customer agrees to pay Dell for the replacement unit upon receipt of invoice. If Customer fails to pay such invoice within ten (10) days after receipt, in addition to any other legal rights and remedies available to Dell, Dell may terminate this Service Description upon notice.

C. Parts Stocked; Mission Critical Parts. Dell currently stocks parts in various locations throughout the world. Selected parts may not be stocked in the location closest to Customer’s site. If a part that is needed to repair the Supported Product is not available from a Dell facility near Customer’s location and must be transferred from another facility, it will be shipped using overnight delivery. 2-Hour and 4-Hour parts locations stock mission critical parts of Supported Products, as determined by Dell. A mission critical part is one which upon failure may prevent the Supported Product from performing its basic functions. Parts deemed non-critical include, but are not limited
to: software, floppy drives, media drives, modems, speakers, sound cards, zip drives, monitors, keyboards, and mice. In order to receive 2-Hour or 4-Hour parts, Customer must have purchased a corresponding service contract that supports mission critical parts delivery and the Supported Product must be located within the supported coverage area, as determined by Dell.

D. Service Parts Ownership. All Dell service parts removed from the Supported Product and returned to Dell become the property of Dell. Customer must pay Dell at the then-current retail price for any service part removed from the Supported Product which are retained by Customer (except for hard drives from Supported Products covered by “Keep Your Hard Drive” service) if Customer has received replacement parts from Dell. Dell uses and Customer expressly authorizes the use of new and reconditioned parts made by various manufacturers in performing warranty repairs.

3. Term of Service.

This Service Description commences on the date listed on your Order Form and continues through the term (“Term”) indicated on the Order Form. As applicable, the number of systems, licenses, installations, deployments, managed end points or end-users for which Customer has purchased any one or more Services, the rate or price, and the applicable Term for each Service is indicated on Customer’s Order Form. Unless otherwise agreed in writing between Dell and Customer, purchases of Services under this Service Description must be solely for Customer’s own internal use and not for resale or service bureau purposes.

4. Important Additional Information

A. Rescheduling. Once this Service has been scheduled, any changes to the schedule must occur at least 8 calendar days prior to the scheduled date. If Customer reschedules this service within 7 days or less prior to the scheduled date, there will be a rescheduling fee not to exceed 25% of the price for the Services. Any rescheduling of the Service will be confirmed by Customer at least 8 days prior to commencement of the Service.

B. Payment for hardware purchased with installation & deployment services. Unless otherwise agreed to in writing, payment for hardware shall in no case be contingent upon performance or delivery of installation or deployment services purchased with such hardware.

C. Commercially Reasonable Limits to Scope of Service. Dell may refuse to provide Service if, in its opinion, providing the Service creates an unreasonable risk to Dell or Dell's Service providers or if any requested service is beyond the scope of Service. Dell is not liable for any failure or delay in performance due to any cause beyond its control, including Customer’s failure to comply with its obligations under this Service Description. Service extends only to uses for which the Supported Product was designed.

D. Optional Services. Optional services (including point-of-need support, installation, consulting, managed, professional, support or training services) may be available for purchase from Dell and will vary by Customer location. Optional services may require a separate agreement with Dell. In the absence of such agreement, optional services are provided pursuant to this Service Description.

E. Assignment. Dell may assign this Service and/or Service Description to qualified third party service providers.

F. Cancellation. Dell may cancel this Service at any time during the Term for any of the following reasons:
• Customer fails to pay the total price for this Service in accordance with the invoice terms;
• Customer is abusive, threatening, or refuses to cooperate with the assisting analyst or on-site technician; or
• Customer fails to abide by all of the terms and conditions set forth in this Service Description.

If Dell cancels this Service, Dell will send Customer written notice of cancellation at the address indicated on Customer’s invoice. The notice will include the reason for cancellation and the effective date of cancellation, which will be not less than ten (10) days from the date Dell sends notice of cancellation to Customer, unless local law requires other cancellation provisions that may not be varied by agreement. If Dell cancels this Service pursuant to this paragraph, Customer shall not be entitled to any refund of fees paid or due to Dell.

G. Geographic Limitations and Relocation. This Service will be delivered to the site(s) indicated on the Customer’s invoice. This Service is not available at all locations. Service options, including service levels, technical support hours, and on-site response times will vary by geography and certain options may not be available for purchase in Customer’s location, so please contact your sales representative for these details. Dell’s obligation to supply the Services to relocated Supported Products is subject to various factors, including without limitations, local Service availability, additional fees, and inspection and recertification of the relocated Supported Products at Dell’s then-current time and materials consulting rates.

H. Transfer of Service. Subject to the limitations set forth in this Service Description, Customer may transfer this Service to a third party who purchases Customer’s entire Supported Product before the expiration of the then-current Term, provided Customer is the original purchaser of the Supported Product and this Service or Customer purchased the Supported Product and this Service from its original owner (or a previous transferee) and complied with all the transfer procedures available at www.support.dell.com. A transfer fee may apply. Please note that if Customer or Customer’s transferee moves the Supported Product to a geographic location in which this Service is not available (or is not available at the same price), Customer or Customer’s transferee may not have coverage or may incur an additional charge to maintain the same categories of support coverage at the new location. If Customer or Customer’s transferee chooses not to pay such additional charge, the Service may be automatically changed to categories of support which are available at such price or a lesser price in such new location with no refund available.

© 2012 Dell Inc. All rights reserved. Trademarks and trade names may be used in this document to refer to either the entities claiming the marks and names or their products. Specifications are correct at date of publication but are subject to availability or change without notice at any time. Dell and its affiliates cannot be responsible for errors or omissions in typography or photography. Dell’s terms and conditions of sale apply and can be located using the chart on the following page. A printed hardcopy of Dell’s terms and conditions of sale is also available upon request.
