

Dell OptiPlex 170L

**The Dell OptiPlex 170L:
Value business PCs for
companies focused on
acquisition price.**

Dell | OptiPlex 170L

The OptiPlex™ 170L platform is designed for businesses that are focused on acquisition price. Companies that require a reliable, network ready, managed PC, but are willing to trade some of the Total Cost of Ownership (TCO) features and benefits provided by the OptiPlex GX series, such as long life cycles, managed transitions and chassis flexibility, in order to obtain an aggressive acquisition price, will find the 170L to be a good fit with their IT strategy.

The Ideal Solution for Basic Office Applications

Businesses looking for a reliable, managed, network ready PC that is ideally suited for basic office applications such as e-mail, word processing, spreadsheets and Web browsing, will find the 170L to be an excellent solution.

Whether you are in marketing, finance, sales or shipping, the 170L is the right tool for the job. From developing your sales campaign to closing the books, the 170L stands ready to tackle your application and get the job done.

Custom Solutions at Commodity Prices

At Dell, you can customize the hardware and service solutions that meet your specific needs without having to go through extraordinary feats; it's just the way we do business. You can custom configure your system to meet your requirements and pick the services that best suit your specific needs. With our Custom Factory Integration (CFI) service, Dell can provide a range of custom built, factory installed solutions including creating your specific Image load, so the system is ready to run right out of the box. And it's all performed in our ISO 9002 & ISO 14001 certified factories.

The 170L allows you to build a customized solution for your business, without paying a customized price.

Dell also offers additional service solutions such as Image Management, Installation and Asset Recovery Services that are designed to help you cost effectively manage your computing solution from start to finish. From cradle to grave, Dell's got you covered.

The Right Technology at the Right Price:

The new Dell OptiPlex 170L provides the perfect blend of relevant technology, manageability and customizability that business users demand, all at a price that won't bust the budget.

Easy as **DELL**

Dell's Terms and Conditions of Sales and Service apply and are available upon request. Dell cannot be held responsible for errors in typography or photography.

1. Between 32 and 64 MB of system memory may be allocated to support graphics, depending on system memory size and other factors.
2. 333MHz memory runs at 320MHz when configured with 800MHz FSB processors. 400MHz and 333MHz memory runs at 266MHz when configured with 400MHz FSB processors.
3. Download speeds are limited to 53Kbps. Upload speeds are less (about 30Kbps). Speeds can vary by line condition and modem manufacturer. Analog phone line and service required.
4. For a copy of our guarantees or limited warranties, please write Dell USA L.P., Attn: Warranties, One Dell Way, Round Rock, TX 78682. For more information, visit http://www.dell.com/us/en/gen/misc/policy_010_policy.htm.
5. Service may be provided by third-party. Technician will be dispatched if necessary following phone-based troubleshooting. Subject to parts availability, geographical restrictions and terms of service contract. Service timing dependent upon time of day call placed to Dell. U.S. only.
6. For hard drives, GB means 1 billion bytes; accessible capacity varies with operating environment.
7. Discs burned with this drive may not be compatible with some existing drives and players; using DVD+R media provides maximum compatibility.
8. Special media required, and third party software may also be required.
